EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Kassaltly on 5/27/04.

The application has been amended as follows:

IN THE SPECIFICATION

Change the title to --A METHOD OF FORMING A SLIDER/SUSPENSION ASSEMBLY--.

In the Abstract, after the phrase "the backside of the wafer." As recited in line 9, delete the phrase "A plurality of thin film data.... from the flexure on demand" as recited in lines 9-18.

After the phrase "metallic bond pad" recited in line 27 on page 9, change the phrase "863" to --862--.

After the phrase "termination pad" recited in line 3 on page 10, change the phrase "66" to --62--.

After the phrase "bond pad" recited in line 14 on page 10, change the phrase "62" to --862--.

Art Unit: 3729

IN THE CLAIM

Re. claim 8: After the phrase "after" recited in line 15, change "a" to --the--.

Re. claim 10: After the phrase "metallic bond pad" recited in line 2, insert --as a first layer--.

Re. claim 13: After the phrase "first layer and the" recited in line 3, change "second" to --third--.

IN THE DRAWING

The following changes to the drawings have been approved by the examiner and agreed upon by applicant:

Re. Fig. 5: Change the item "80" to --180--.

Re. Fig. 7: Change the typo "() PRIOR ART)" to --(PRIOR ART)--.

In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

2. The following is an examiner's statement of reasons for allowance: The prior art of record fails to disclose the claimed invention such as metalizing the backside of the wafer so as to metalize the sliders leading edge surface while the sliders are on the wafer and applying a solder fillet bonded to a leading edge surface of each of the plurality of sliders to form a rigid mechanical connection of the slider to the flexure. It is not obvious taken alone or in combination of other references fairly to suggest the claimed invention.

Art Unit: 3729

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Claims 8-14 are allowed.
